

DO HOANG ANH

FRESHER SAP CONSULTANT

(+84) 866 899 374 | work@hangaos.com | Ho Chi Minh City, Viet Nam

SUMMARY

As a 3rd-year software engineering student at FPT University, I am very interested in SAP technology and wish to expand my knowledge in this technology. I am extremely excited about learning about SAP and determined to pursue career opportunities in this field. With a background in software engineering and a strong interest in SAP, I look forward to cultivate essential professional skills for a career in the SAP domain.

CAREER OBJECTIVE

Short term

- Seeking an internship opportunity as a SAP Consultant to apply my software development knowledge to SAP solution implementation.
- Enhance my skills in business process analysis, design, and programming within the SAP system under the guidance of experienced professionals.
- Understand the end-to-end process of implementing, operating, and maintaining SAP solutions in an enterprise environment.

Long term

- Become a proficient SAP Consultant with comprehensive knowledge of SAP systems.
 - Pursue a career in SAP Consulting, contributing expertise in advising and providing optimal solutions for business challenges.
 - Aspire to contribute and grow my profession at company.
-
